### CEO / chair

Rex W. Tillerson  
CEO

### brand names

Esso, Exxon, Mobil

### key sectors / activities

oil and gas

### key regions of operation

Worldwide

## about

---

ExxonMobil is the world's largest publicly traded integrated petroleum and natural gas company. ExxonMobil operates facilities and market products around the world, and explores for oil and natural gas on six continents. ExxonMobil leads the industry in almost every aspect of the energy and petrochemical business.

Exxon is known for various oil and gas projects, such as the Sakhalin I project and the PNG LNG project. Exxon is notorious for lacking interest to prevent climate change. By not effectively investing in renewables Exxon does not ease U.S. oil-dependance.

## ownership

---
