**About CaixaBank**
CaixaBank was founded in 1980, and is a leading Spanish retail bank. The bank operates through three segments: banking and insurance, real estate activity, and investments. With the mergers and takeovers of Banca Cívica and Banco de Valencia, and the retail banking, wealth management and corporate banking businesses of Barclays in Spain, CaixaBank has extended its share of the Spanish financial market. CaixaBank signed the Equator Principles in March 2007, and is therefore part of BankTrack's [Equator Principles Track and Chase project](https://www.banktrack.net/track/equator-principles).

### Website

**Equator Principles**

Implementation and reporting
The Equator Principles require that adopting banks publicly report on the implementation of the principles. You can find the reporting requirements for EPFs [here](#).

CaixaBank is reporting on the implementation [here](#).

Contact and complaints
The Equator Principles currently lack a formal complaints mechanism. Should you have any concerns or complaints about how the Equator Principles are being applied in a specific project in which CaixaBank is also involved, please get in touch with our [Equator Principles team](#).
