Banco de la República Oriental del Uruguay

About Banco de la República Oriental del Uruguay

State-owned Banco de la República Oriental del Uruguay (BROU), Uruguay’s largest banking institution, operates as a commercial and development bank and was established in 1896. BROU offers personal banking products and services such as checking and savings accounts, credit cards, time deposits, consumer loans, and mortgages. It also provides a comprehensive suite of financial products - including leasing, treasury services, funding for working capital, asset management and foreign trade services for customers in small business, corporate and agribusiness banking market segments. The bank has branches established in Sao Paulo, New York, and Buenos Aires.

Equator Principles

Implementation and reporting

The Equator Principles require that adopting banks publicly report on the implementation of the principles. You can find the reporting requirements for EPFIs here.

Banco de la República Oriental del Uruguay is reporting on the implementation here.
Contact and complaints

The Equator Principles currently lack a formal complaints mechanism. Should you have any concerns or complaints about how the Equator Principles are being applied in a specific project in which Banco de la República Oriental del Uruguay is also involved, please get in touch with our Equator Principles team.
