About Bankia

Bankia is a Spanish bank, founded in July 2010. The bank operates throughout Spain, with a universal banking business model based on multi-channel management and serving individuals and businesses. The bank was partially nationalized by the government of Spain in May 2012 due to near collapse of the institution. On 25 May 2012, Bankia requested a bailout of EUR 19 billion, the largest bank bailout in the nation's history. Bankia is the fourth largest bank in Spain by volume of assets. Bankia signed the Equator Principles in July 2018.

In 2021 [Bankia merged with CaixaBank](#) to create a new entity but preserving the name of the latter. See the profile of [CaixaBank here](#). [last update of the Bankia profile was May 7 2021. The profile's status is listed as on record].
