The Infrastructure Development Finance Company (IDFC) is an Indian financial services organisation, mainly providing infrastructure finance, but also asset management, investment banking and brokerage. IDFC was formed in 1997 in Chennai and went public in 2005. In 2014, the Reserve Bank of India granted an in-principle approval to IDFC Limited to set up a new bank in the private sector, IDFC Bank. All the lending business of IDFC Limited has been demerged and transferred to IDFC Bank.

IDFC acts as a Financial Intermediary for IFC, managing the IFC-supported India Infrastructure Fund (IIF). The IIF is based in Mumbai and makes equity investments in energy and utilities, transport infrastructure, telecommunications, and other infrastructure solely in India.
