OTP Group Our Environmental, Social and Governance approach

Dr. Sándor Csányi Chairman and CEO

OTP Group is aiming to be the regional leader in financing a just and gradual transition to a low-carbon economy and building a sustainable future offering balanced financing options.

"Our customers and colleagues inspire us to continuously innovate and develop, instilling in us a deep sense of shared purpose that has driven us to become the leading financial services group in Central and Eastern Europe. But our ambitions aim even higher: OTP Group aspires to become not only today's, but tomorrow's leading bank, helping over 16 million customers achieve their goals with fast, convenient and secure financial solutions that harness the power of cutting-edge technological innovation. We are committed to reduce environmental risks and contribute to the financial and social improvement of our local communities through socially and environmentally responsible operations, fostering social inclusion, and financial education. This is how we deliver for all our stakeholders."

Our sustainability governance

We are working towards fully integrating sustainability mindset both in our daily operation and business decision making, backed by strong executive commitment - as the envisaged set up shows.

Robust organization & top level responsibility for sustainability and climate strategy

- It is a major goal for the Bank to integrate ESG in as many ways as possible: in business decisions, risk management, management effectiveness, governance activity. This volume of deliverables needs a robust organizational framework.
- The whole organization of the Bank and its Subsidiaries are involved in the ESG transformation, that is steered by the ESG Committee, managed by the Green Program Director as Leader of ESG business transformation.
