Human Rights Due Diligence

2020 Progress Update
Human Rights Due Diligence Process

KBank’s human rights due diligence process has been developed in accordance with the UN Guiding Principles on Business and Human Rights (UNGP).

1. **Policy Commitment**: Announcement of Human Rights Policy. (slide page 3)
2. **Risk and Impact Assessment**: Assessment and analysis of actual and potential human rights impacts. (slide page 4 - 12)
3. **Integration and Internal Management**: Integrate findings to activities, act upon findings (i.e. mitigation measures), and ensure effective implementation of actions. (slide page 13 - 20)
4. **Monitoring and Reporting**: Regularly monitor, track and report on the company’s actions related to human rights (i.e. risks, effectiveness of mitigation measures). (slide page 21)
5. **Remediation**: Remediate the stakeholders and vulnerable groups, who are affected by the company’s adverse human rights impacts. (slide page 22-23)

Policy Commitment (Revision)

• KBank is committed to sustainable business operations. We recognize that respect for human rights is an important responsibility associated with employees, customers, suppliers, and business partners including agents, joint venture (Incorporated), government, and local communities related to our business activities. Therefore, KBank has established a human rights policy that conforms to key legal principles and international standards such as UNGPS, ILO, International Bill of Human Rights (comprising of UDHR, ICCPR and ICESCR), UNGC.

• The Policy applies to all operations of KBank and other companies in KASIKORNBANK FINANCIAL CONGLOMERATE, as well as employee, customers, suppliers and business partners. All have the responsibility to respect human rights and to comply with the laws and regulations governing the protection of human rights at the national and international levels. Additionally, KBank commits to prevent and respect the following human rights issues: child labor, forced labor, human trafficking, freedom of association, the right to collective bargaining, equal remuneration, and discrimination.

• To promote compliance with the Human Rights Policy, KBank has published a Human Rights Due Diligence Guideline and has arranged regular human rights training to enhance the knowledge, understanding, and awareness of human rights principles for employees.
2 Risk and Impact Assessment (1)

KBank has reviewed and identified human rights risks, associated with KBank business activities, value chain and new business relations (mergers, acquisitions, joint ventures), on an annual basis. KBank has done these systematically via the following steps:

1 RISK IDENTIFICATION

- Identify all actual or potential human rights issues associated with KBank business activities, value chain and new business relations (mergers, acquisitions, joint ventures). The actual or potential human rights issues that are covered in the process include, for example, human trafficking, forced labour, child labour, freedom of associate, right to collective bargaining, discrimination, resettlement and land acquisition, displacement, equal remuneration, and privacy.
- Consider stakeholders and vulnerable groups, including employees, women, children, customers, migrant worker, third-party contracted labour, indigenous people, LGBTQI+, elderly, people with disabilities and pregnant women, in the process.

2 RANK INHERENT RISKS

(Risk level before considering its exiting mitigation measures and/or controls)

Conduct human rights inherent risk assessment.

Remark: In 2020, KBank revisited human rights risks identified in 2019 and updating their risk levels if necessary.

3 IDENTIFY MITIGATION MEASURES

Identify how each inherent risk is being managed through existing mitigation measures and/or controls.

4 RANK RESIDUAL RISKS

(Risk level after considering its exiting mitigation measures and/or controls)

Rank residual risks and prioritise human rights salient issues. For each human rights salient issue, KBank develops additional mitigation measures to reduce risk likelihood and/or severity to low level.
**Risk and Impact Assessment (2 - KBank)**

1. **IDENTIFICATION**

- KBank identified all actual or potential human rights issues associated with KBank functions through peer benchmarking, media analysis, review of existing human rights risks and impacts, and concerns communicated by civil society actors.
- In 2020, the scope of risk assessment covered KASIKORN FINANCIAL CONGOMERATE and KASIKORN LINE Company Limited as a joint venture.

Human Rights Matrix

Human rights risk assessment is done based on the impacts created on rights holders, especially considering vulnerable groups. Risks are placed on a 4x4 matrix, whereby the y-axis is severity of risk and impact and the x-axis is likelihood of the risk occurring. Risks are assessed and categorized as one of three levels:

- **High**: High risks are human rights salient issues that need to be addressed with additional mitigation measures.
- **Medium**: Medium risks are human rights salient issues that are mitigated to some extent, but need additional mitigation measures.
- **Low**: Low risks are human rights risks that are presently adequately mitigated and should be monitored regularly for changes.

KBank is committed to respecting the human rights of all stakeholders and vulnerable groups, as well as take the necessary actions to prevent any possible human rights violation by developing new mitigation measures and enhancing the existing ones. In order to do so, KBank reviews human rights due diligence annually. Results from the human rights due diligence are utilised for more effective prevention, whereas performance are communicated to internal and external stakeholders.

Therefore, KBank provides communication channel for both internal and external stakeholders and vulnerable groups to report human rights violations or make complaints. This gives KBank an opportunity to conduct further investigation, as well as provide adequate remediation to affected stakeholders and vulnerable groups.

Details of whistle-blowing and communication channels can be found in our Sustainability Report 2020, page 53, please visit https://kasikornbank.com/en/sustainable-development/SDAnnualReports/Y2020_SD_EN.pdf.
Remediation

Process implemented to mitigate human rights risks and to take remediation actions

1. Register human rights risks (including human rights salient issues) that are identified during human rights due diligence process.

2. Develop additional mitigation measures (i.e. using leverage to handle human rights issues of the associated third party, divestment decision) for the identified human rights salient issues; and

3. Inform organisational responsible functions to develop actions plans for implementation of additional mitigation measure.

4. Execute the developed action plans for additional mitigation measures by the responsible functions; and

5. Monitor the effectiveness of existing and additional mitigation measures through various ways (i.e. grievance mechanism, whistleblowing, community/customer/employee engagement);

   - Report the progress to higher positions; and
   - Consult with higher position on the approach for remedying affected persons when human rights adverse impacts occur and affect persons (mitigation measures cannot handle/ alleviate risks).

   - Immediately initiate remediation actions (i.e. publicly official apologies, financial or non-financial compensation, persuading the associated third party to remedy affected persons), after receive approval;

   - Report remediation taken to affected persons in order to receive feedbacks; and

   - Regularly monitor and communicate with affected persons until they return to the previous state before being affected by human rights adverse impact.
Remediation actions taken in 2020

After implementing mitigation measures as well as monitoring and tracking human rights violation in 2020, KBank had no case of human rights violation, nor concerns or grievances related to human rights submitted. Thus, there were no remediation action taken in any forms (i.e. publicly official apologies, financial or non-financial compensation, persuading the associated third party to remedy affected persons).
