CRÉDIT AGRICOLE S.A.

May 21st 2025

Ryan Brightwell Deputy Director, BankTrack

Bojana Novakovic on behalf of the Mars sa Drine collective

Dear Mr. Brightwell and Mrs. Novalovic,

We have received your letter of May 8th addressed to our CEO Philippe Brassac with an update on the risks associated with Rio Tinto's Jadar Project in Serbia and request for action to address concerns.

We thank you for providng us with an update as we take this sort of issue very seriously. However, as confirmed in a previous communication with the Mars sa Drine collective in August 2022, Crédit Agricole is not involved in this project.

Kind regards,

The Sustainability and Impact department
