Hi Daisy,

I am Muyuan Qiu from Industrial and Commercial Bank of China(ICBC). We've got you e-mail about assessing our current situation as a PRB signatory and thanks for the efforts of BankTrack and other 44 third-party institutions on this issue. As the largest bank in China and the only Chinese bank in the core group of PRB, ICBC has made a great progress in green finance in recent years and we'd like to cooperate with all banks and institutions to promote sustainable development.

Please check the link below of our Corporation Social Responsibility Report(CSR Report), which provides almost all the information concerning your question in the e-mail.
